

******* Attention All Medicaid Providers*******

Federal law and regulation require states to screen and enroll all Children's Health Insurance Program (CHIP) providers by December 31, 2017. To meet this requirement, current CHIP providers must be actively enrolled with the Texas Medicaid & Healthcare Partnership (TMHP) by December 31, 2017. While CHIP providers must enroll with TMHP to continue to receive reimbursement for CHIP services, CHIP-only providers are not required to participate in Texas Medicaid. Providers must indicate in the application that they intend only to serve CHIP members to ensure they do not appear on the Medicaid online provider lookup (OPL).

Details are available on the TMHP website at www.tmhp.com.

For more information, call the TMHP Contact Center at 1-800-925-9126.
