When you are approved for Medicaid, you will get a Your Texas Benefits Medicaid Card. This plastic card will be your everyday Medicaid ID Card. You should carry and protect it just like your driver’s license or a credit card. The card has a magnetic strip that holds your Medicaid ID number. Your doctor can use the card to find out if you have Medicaid benefits when you go for a visit.

You will only be issued one card, and will only receive a new card in the event of the card being lost or stolen. If your Medicaid ID Card is lost or stolen, you can get a new one by calling toll-free at 1.855.827.3748.

If you are not sure if you are covered by Medicaid, you can find out by calling toll-free at 1.800.252.8263. You can also call 2-1-1. First pick a language and then pick option 2.

Your health history is a list of medical services and drugs that you have gotten through Medicaid. We share it with Medicaid doctors to help them decide what health care you need. If you don’t want your doctors to see your health history through the secure online network, call toll-free at 1.800.252.8263.

The Your Texas Benefits Medicaid Card has these facts printed on the front:

  - Emergency Medicaid
  - Presumptive Eligibility for Pregnant Women (PE)

The back of the Your Texas Benefits Medicaid Card has a Web site you can visit (YourTexasBenefits.com) and a phone number you can call toll-free (1.800.252.8263) if you have questions about the new card.

If you forget your card, your doctor, dentist or drug store can use the phone or the Internet to make sure you get Medicaid benefits.
Temporary Medicaid ID Verification Form 1027-A

If you lose the Your Texas Benefits Medicaid Card, call your local HHSC Eligibility Office. They will give you a Medicaid Temporary ID Verification Form 1027-A. You will use the Form 1027-A as proof of your Medicaid eligibility. The form will have a “through” date. This is the last day this form can be used. It will also list each family member who is part of your Medicaid case. You must take your Form 1027-A with you when you get any healthcare services. Use it like Your Texas Benefits Card and present to your Provider.
Primary Care Providers

What do I need to bring with me to my doctor’s appointment?
When you go to see your doctor, take your Member ID Card, Your Texas Benefits Medicaid Card, a list of problems you are having, a list of any drugs or herbal medicines you are taking, and a record of all shots you have had.

REMEMBER: EXCEPT IN AN EMERGENCY, CALL YOUR PRIMARY CARE PROVIDER FIRST BEFORE GOING FOR HEALTHCARE.

What is a Primary Care Provider?
Your Primary Care Provider is an important part of your healthcare team. Your Primary Care Provider will make sure you get the care you need such as give you regular checkups and treat you when you are sick. Your Primary Care Provider is your doctor. Your Primary Care Provider will follow up when other doctors give you care. Your Primary Care Provider should be the “medical home” of all your medical records. Your Primary Care Provider needs to know everything about your past and present healthcare needs. Make sure your Primary Care Provider has all of your medical records. If you are a new patient, help your Primary Care Provider get your medical records from your previous doctor. You may need to sign a form giving permission for your medical records to be sent to your new Primary Care Provider.

You can pick any Primary Care Provider in the Community Health Choice network to be your doctor. You should pick a Primary Care Provider within an office location and office hours that are convenient for you. If you like the Primary Care Provider that you see now, you can continue to see them if they are listed in the directory.

Once you picked your Primary Care Provider, please call Member Services toll-free at 1.888.760.2600. We will be glad to assign your select Primary Care Provider as your main doctor.

For a current directory, go to CommunityHealthChoice.org > Find a Doctor > Medicaid/CHIP > Find a Provider > Enter your information > Search. You can find a doctor By Provider’s Specialty, By Provider’s Name, or By Provider’s County.

It is important that you get to know your Primary Care Provider, and your Primary Care Provider get to know you. It is not good to wait until you are sick to pick and meet your Primary Care Provider. Schedule your first Texas Health Steps medical checkup right away.

• As a new member, you should have your first Texas Health Steps checkup within 90 calendar days after joining Community Health Choice.

• Newborns should be seen by a Primary Care Provider 3 to 5 days after birth.

We can help you schedule your first checkup and get transportation to your doctor’s office. Call Member Services toll-free at 1.888.760.2600.

Can a specialist ever be considered a Primary Care Provider?
Yes. Members with disabilities, special health care needs or chronic or complex conditions may ask Community Health Choice to use a specialist as their Primary Care Provider. Please call Member Services toll-free at 1.888.760.2600.

You may be put in the Lock-in Program if you do not follow Medicaid rules. It checks how you use Medicaid pharmacy services. Your Medicaid benefits remain the same. Changing to a different MCO will not change the Lock-in status.

To avoid being put in the Medicaid Lock-in Program:
• Pick one drug store at one location to use all the time.
• Be sure your main doctor, main dentist or the specialists they refer you to are the only doctors that give you prescriptions.
• Do not get the same type of medicine from different doctors.
To learn more, call Community Health Choice toll-free at 1.888.760.2600.

What if I am too sick to make a decision about my medical care?
If you have not named a surrogate, your doctor will ask your closest available relative or friend to help decide what is best for you. Because those people may not all agree with what to do with your care, it is helpful if you say in advance what you want to happen if you can’t speak for yourself.

What are advance directives?
Advance directives are legal papers that allow you to say if you would accept or refuse medical treatment if you become too ill to speak for yourself. These papers can help your family decide what to do for you to relieve them of the stress of making the decision for you. It also helps the doctor care for you according to your wishes.

How do I get an advance directive?
Ask your doctor for the form(s) for advance directives. Call our Member Services toll-free at 1.888.760.2600 if you need more information.

What do I have to do if I need help with completing my renewal application?

How to Renew
Families must renew their CHIP or Children’s Medicaid coverage every year. In the months before a child’s coverage is due to end, HHSC will send the family a renewal packet in the mail. The renewal packet contains an application. It also includes a letter asking for an update on the family’s income and cost deductions. The family needs to:

• Look over the information on the renewal application.
• Fix any information that is not correct.
• Sign and date the application.
• Look at the health plan options, if Medicaid health plans are available.
• Return the renewal application and documents of proof by the due date.

Once HHSC receives the renewal application and documents of proof, staff checks to see if the children in the family still qualify for their current program or if they qualify for a different program. If a child is referred to another program (Medicaid or CHIP), HHSC sends the family a letter telling them about the referral and then looks to see if the child can get benefits in the other program. If the child qualifies, the coverage in the new program (Medicaid or CHIP) begins the month following the last month of the other program’s coverage. During renewal, the family can pick new medical and dental plans by calling the CHIP/Children’s Medicaid call center at 1.800.964.2777.

Completing the Renewal Process
When children still qualify for coverage in their current program (CHIP or Medicaid), HHSC will send the family a letter showing the start date for the new coverage period. If the children qualify for CHIP and an enrollment fee is due, the family must pay the enrollment fee by the due date or risk losing the coverage.

CHIP renewal is complete when the family:

• Pays any enrollment fee due by the due date.
• If the family changes their medical or dental plan, then they must sign and send the appropriate Enrollment/Transfer Form to HHSC showing the change.

If HHSC receives and processes the CHIP enrollment fee before the cutoff in the 12th month of coverage, then new coverage
begins without interruption on the first day of the following month. If HHSC does not get the enrollment fee in time, then new coverage will not begin until the first day of the following month.

Medicaid renewal is complete when the family signs and sends to HHSC the appropriate Enrollment / Transfer Form if the family picks a new medical or dental plan.

What happens if I lose my Medicaid coverage?
If you lose Medicaid coverage, but get it back again within six (6) months, you will get your Medicaid services from the same health plan you had before losing your Medicaid coverage. You will also have the same Primary Care Provider you had before.

What if I get a bill from my doctor?
You should not get a bill for Medicaid covered benefits.

Who do I call?
If you get a bill, call the Provider and tell them you are a Community Health Choice Medicaid Member and are not responsible for the bill.

What information will they need?
They will need information that is on your Member ID Card. If you still have a problem, call our Member Services.

What do I have to do if I move?
As soon as you have your new address, give it to the local HHSC benefits office and Community Health Choice's Member Services Department toll-free at 1.888.760.2600. Before you get Medicaid services in your new area, you must call Community Health Choice, unless you need emergency services. You will continue to get care through Community Health Choice until HHSC changes your address.

What if I have other health insurance in addition to Medicaid?

Medicaid and Private Insurance
You are required to tell Medicaid staff about any private health insurance you have. You should call the Medicaid Third Party Resources hotline and update your Medicaid case file if:

- Your private health insurance is canceled.
- You get new insurance coverage.
- You have general questions about third party insurance.

You can call the hotline toll-free at 1.800.846.7307.

If you have other insurance, you may still qualify for Medicaid. When you tell Medicaid staff about your other health insurance, you help make sure Medicaid only pays for what your other health insurance does not cover.

IMPORTANT: Medicaid Providers cannot turn you down for services because you have private health insurance as well as Medicaid. If Providers accept you as a Medicaid patient, they must also file with your private health insurance company.

When should others pay?
Sometimes, someone other than Community Health Choice should pay for your healthcare. Here is what you need to do to make sure they pay:

When You Have More Than One Health Plan:
You may have another health insurance plan in addition to Community Health Choice. If so, we will make sure the plan pays its fair share. We will also make sure payment for the same health care service occurs only once. The term “Coordination of Benefits” covers this type of payment. When you go for healthcare, remember that all other health plans must make payments for care before Medicaid can pay. Please let your doctor’s office and our Member Services know if another plan covers you.
Coverage through other Government Programs:
If you qualify to receive coverage by veterans’ benefits, workers’ compensation or Medicare, some of your healthcare will include coverage by them. Please tell our Member Services if you have benefits through any of these programs. We will help you find out when your healthcare includes their coverage.

Illness or Injury Caused by Others:
If you are in an accident, someone else may cover your healthcare. An automobile insurance company might cover you. This could also be true if you get sick because of someone else’s action. We need your help to make sure that the other party pays us for the cost of treating you.

Appeals

What can I do if my doctor asks for a service or medicine for me that’s covered but Community Health Choice denies it or limits it?

We may deny services if they are not medically necessary. You can request an appeal orally or in writing. If you request an oral appeal, you must submit the one page appeal form before your request can be reviewed.

How will I find out if services are denied?

You and your doctor will receive a letter telling you about the decision.

What do I need to do to appeal and how much time do I have to do this?

You have 30 days from the receipt of the letter to appeal a denied service to you or your children. To continue services, the appeal must be received by us within 10 days of the mailing of the letter.

Can I submit my appeal orally?

Yes. But you must also send in a written and signed appeal. It can be submitted by the Member or a representative for the Member. Community Health Choice must get it within five days, unless an expedited appeal is requested.

Can I request an extension? Can Community Health Choice request an extension?

Yes. If you request an extension, the time frame may be extended up to 14 calendar days. If Community Health Choice needs an extension, we will tell you the reason for the delay.

Expedited MCO Appeals

What is an Expedited Appeal?
An expedited appeal is when the health plan has to make a decision quickly based on the condition of your health, and taking the time for a standard appeal could jeopardize your life or health.

How do I ask for an Expedited Appeal?
You may ask for an Expedited Appeal from Community Health Choice, orally or in writing. Do this if you believe that taking the time for a standard resolution could seriously jeopardize the Member’s life or health.

Does my request have to be in writing?
No.

What are the timeframes for an Expedited Appeal?
Community Health Choice must complete an Expedited Appeal request within one working day from the date that we have all of the information we need to review the appeal. Community Health Choice will tell you our decision over the phone within one working day. We will mail your our decision within three business days.

What happens if Community Health Choice denies the request for an Expedited Appeal?
If we deny the request for an expedited appeal, we will notify you within five business days. Then, your request will be moved to the standard appeal process, and we will mail you our decision within 30 days.

Who can help me file an Expedited Appeal?
Call our Member Services toll-free at 1.888.760.2600 for assistance with an Appeal or an Expedited Appeal.
State Fair Hearing

Can I ask for a State Fair Hearing?
If you, as a Member of the health plan, disagree with the health plan’s decision, you have the right to ask for a fair hearing. You may name someone to represent you by writing a letter to the health plan telling them the name of the person you want to represent you. A doctor or other medical Provider may be your representative. If you want to challenge a decision made by your health plan, you or your representative must ask for the fair hearing within 90 days of the date on the health plan’s letter with the decision. If you do not ask for the fair hearing within 90 days, you may lose your right to a fair hearing. To ask for a fair hearing, you or your representative should either send a letter to the health plan at:

Community Health Choice, Inc.
Member Appeals Coordinator
2636 South Loop West, Suite 125
Houston, TX 77054

Or call toll-free at 1.888.760.2600.

You have the right to keep getting any service the health plan denied or reduced, at least until the final hearing decision is made if you ask for a fair hearing by the later of: (1) 10 calendar days following the MCO’s mailing of the notice of the Action, or (2) the day the health plan’s letter says your service will be reduced or end. If you do not request a fair hearing by this date, the service the health plan denied will be stopped.

If you ask for a fair hearing, you will get a packet of information letting you know the date, time, and location of the hearing. Most fair hearings are held by telephone. At that time, you or your representative can tell why you need the service the health plan denied.

HHSC will give you a final decision within 90 days from the date you asked for the hearing.

Texas Law on Medical Treatment of Minors and Related Consent Issues

Community follows federal and state law and guidelines on issues of consent to medical treatment. Generally, minors cannot consent to medical treatment. As a general rule, Community must obtain consent from a minor child’s parent prior to authorizing medical treatment.

There are certain exceptions to the general rule. For example, a minor child who has been “emancipated” or legally declared an “adult” by the courts can make their own medical decisions. Other exceptions include but are not limited to: (1) emergency situations; (2) active duty with the armed forces; (3) consent for treatment of infectious diseases reportable to the Texas Department of State Health Services; (4) unmarried pregnant minors consenting to treatment for pregnancy; (5) treatment for drug and alcohol abuse; (6) counseling for abuse, suicide prevention, or drug addiction; and (7) other exceptions as permitted by law.

If you have any questions about these exceptions, please contact Community at 1.888.760.2600.
