

HUMAN IMMUNODEFICIENCY VIRUS (HIV) AND SEXUALLY TRANSMITTED DISEASES (STDs)

Community Health Choice requires that Providers report all confirmed cases of STDs, including HIV, to the local or regional health authority according to 25 Tex. Admin. Code §§ 97.131 - 97.134 using the required forms and procedures for reporting STDs.

Providers must coordinate with the HHSC regional health authority to ensure that Members with confirmed cases of syphilis, chancroid, gonorrhea, chlamydia, and HIV receive risk reduction and partner elicitation/notification counseling.

Providers must have procedures in place to protect the confidentiality of Members provided HIV/STD services. These procedures must include, but are not limited to, the manner in which medical records are to be safeguarded, how employees are to protect medical information, and under what conditions information can be shared.

Providers who provide HIV/STD services must comply with all state laws relating to communicable disease reporting requirements.

Visit the CDC website at <https://www.cdc.gov/std/hiv/> for information related to treatment and screening of HIV/AIDS and STDs.
