

ENFAMIL REGULINE 12.4 OZ POWDER TEMPORARY LIMITED AVAILABILITY

Attention Community Health Choice Providers

This notice is to inform you of a temporary limited availability of Enfamil Reguline 12.4 oz powder in some retail stores until mid-July 2024.

For WIC Participants:

- If a WIC participant enrolled in your practice encounters difficulty finding Enfamil Reguline 12.4 oz powder, advise them to contact their local WIC clinic.
- WIC staff can offer to substitute formula benefits to another available WIC contract formula, such as Enfamil Gentlease.
- WIC clients can also ask their healthcare provider about alternative therapeutic formula options, such as Nutramigen or Alimentum.

Healthcare Provider Resources:

- [More information about Texas WIC Formulas](#)
- [Texas WIC Medical Request for Formula/Food](#)
- [Guidance on helping patients adjust to a new formula.](#)

We understand that a formula change can be disruptive for some infants. If you have any questions or require further assistance, please don't hesitate to reach out to Community Health Choice at 1.888.760.2600.
