LISTERIA OUTBREAK LINKED TO SUPPLEMENT SHAKES USED AT LTC FACILITIES

SUMMARY OF NOTIFICATION

[Lyons Magnus](#) announced on Feb. 22 that it is voluntarily recalling 4 oz. Lyons ReadyCare and Sysco Imperial Frozen Supplemental Shakes due to the potential for the products to be contaminated with *Listeria monocytogenes*. Lyons Magnus is taking this action in response to a recall of the products by their manufacturer, Prairie Farms from the Prairie Farms facility in Fort Wayne, Indiana.

The recalled products were distributed primarily to long-term care facilities and were not available for retail sale.

Listeria monocytogenes is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems.

Anyone who has a recalled product in his or her possession should quarantine the recalled products and seek additional guidance from frozenshakerecall@lyonsmagnus.com or LyonsMagnus.com.

For details and a list of recalled products, read [HERE](#).
